- ▶ Objective : This Organisation serves and gives food to the poor and needy people all around the town without taking a single penny.
- ▶ Contact Details of Immediate Supervisor : **Rajubhai Joshi (Mo.: 9773071971)**
- ▶ Time Duration of Community Service : **22/05/2019 – 12/06/2019 (2 hrs. per day excluding Sundays)**

- ▶ **Location of Activity** : Around the town, Keshod, Tl. Keshod, Dis. Junagadh, Gujarat, India.
- ▶ **Aim of Activity** : To serve healthy food to the poor and needy people every afternoon all around the town.

- ▶ **Beneficiaries of Activity** : By doing this activity, I learned the importance of food and money in our life and saw that there are still many poor and needy people in our society who does not have their own home and hardly gets food once in a day.
  
- ▶ **Identification of the problems associated with the concern NGO** : According to me there are two problems associated with the concern NGO :
  - ▶ One is the lack of working people.
  - ▶ The other is that there is only one branch of organisation situated in the town from which the van goes for serving and giving food to the needy people around the town.
  
- ▶ **Technical Solution Proposed** : The Organisation should open their more branches in different areas of the town so that every poor and needy people gets warm food as early as possible.
  
- ▶ Also the Organisation is serving the food only in afternoon, so if they can start helping the people even at dinner time then it would be very helpful and no poor people will sleep without eating healthy food.
  
- ▶ **Impact of Activity for Societal Benefit** : By doing this activity, I brought an awareness among youngsters and my friends that it is the responsibility of every capable human being to help the needy people in our society.
  
- ▶ **Concluding Remarks**: This Activity teaches us how to be helpful for those who need help
